The topic of the competition tests, including lectures, courses or similar or the topics from which the competition committee can choose the topic of the tests:

Population geography

- Population dynamics
- Evolution of population number
- Population mobility
- Gender and age structure of the population

Urban and rural geography

- Site and urban morphology
- Urban sprawl

University of Craiova

FACULTY OF SCIENCES
GEOGRAPHY DEPARTMENT

Metropolitan areas

Typology of rural settlements

Tourism and regional development

Romania and instruments of regional development

Main objectives of the regional development policies focusing on tourism

Tourism indexes used in quantitative tourism analyses

Ecotourism

Ecotourism market

International ecotourism programmes

Development and marketing of ecotourism within protected areas in Romania

Global changes of the environment

Systemic changes of the environment: global climate changes; greenhouse effect and trends for climate warming; ozone layer

Local, regional and global hazards

Sustainable development in the global context

Tourism geography

Types and forms of tourism

Conceiving a thematic tourism route

Advertising materials – brochures for marketing an event/ city

Geography and Geography Didactics

Geographic elements of the surrounding area

Methods for teaching – learning- evaluation used at Geography

Use of maps for Geography lessons
